*Each participant shares one interesting fact or trivia about the Olympics.*

*This could be related to a specific event, athlete, or historical moment.*

*The aim is to create a relaxed atmosphere and stimulate conversation.*

## **Main Steps of the Second Ideation Process**

### **Define the Problem Statement (10 minutes)**

*B (the leader) will present the problem statement: "How might we provide relevant and on-demand information about the environmental and social impact of the Olympics through our platform?"*

*Participants can ask clarifying questions to ensure everyone understands the problem.*

### **Brain Storming Session (30 minutes)**

*Each participant will write down as many ideas as possible in a set time frame (15 minutes) using sticky notes or a digital tool.*

*After writing, each participant will share their ideas with the group, allowing for discussion and building on each other's suggestions.*

### **Group Ideas (15 minutes)**

*Participants will categorize similar ideas into groups.*

*C (the timekeeper) will ensure that this step stays on track by giving reminders as time progresses.*

### **Idea Refinement (20 minutes)**

*In small groups (2-3 participants), choose one idea from each category to refine.*

*Consider feasibility, impact, and how it aligns with the objective.*

*Prepare a brief presentation (2-3 minutes) for each refined idea.*

### **Idea Presentation(30 minutes)**

*Each small group presents their refined idea to the larger group.*

*After each presentation, allow for a brief Q&A session to clarify and discuss the ideas further.*

### **Voting Process (15 minutes)**

*Each participant receives three votes (stickers or dots) to allocate to their preferred ideas.*

*Participants can distribute their votes across different ideas or concentrate them on one.*

*Selection of Main Idea(10 minutes)*
